## IF VALUE IS “THE NEW NORMAL,” KMK® CLIENTS HAVE BEEN AHEAD OF THE CURVE FOR THE PAST 50 YEARS.

At Keating Muething & Klekamp, our size and location enable us to serve clients on a national and regional basis in a cost-effective and responsive manner. We do what multi-office, big city law firms do, from sophisticated securities transactions to bet-the-company litigation, without the overhead and with greater flexibility. KMK delivers value through competitive rates, alternative fee arrangements, and by investing in the latest technology to efficiently deliver the results our clients expect.

At KMK, we don't think of value as being the new buzzword. It's been part of our client service promise from the beginning.

VALUE = RESULTS ÷ COST

KMK – Delivering *value* to successful businesses and individuals since 1954.
