

GROWING WITH OUR CLIENTS

Strategic. Proactive. Entrepreneurial. Determined. These are four of the traits that have defined KMK and have enabled KMK's success as a firm and as the legal advisors to many clients who have grown with us over the past 55 years.

At KMK we stay ahead of the curve. We are energized to know where the economy is headed and the latest developments within the legal profession. To us, providing the best service means being confident about what we do and accurately delivering timely service with the client's goals in mind.

As the largest first-generation law firm in Greater Cincinnati, KMK offers the breadth and depth of experience to meet the varied needs of clients from all over the country. KMK works with small, mid-sized, and large companies, as well as individuals and families.

Small / Emerging Companies and Entrepreneurs. KMK's Emerging Business Team is an interdisciplinary group of attorneys that works in the areas of business and corporate finance law, tax law, mergers & acquisitions, and litigation, and is dedicated to understanding the unique needs of small / emerging companies and entrepreneurs. In fact, some of our largest clients now — such as American Financial Group, Inc., and Cintas Corporation — started working with us when they were small, entrepreneurial companies with a handful of employees. Now they are listed on the *Fortune* 1000 list of largest companies in the U.S. (2010). *KMK helps companies of all sizes — including small companies and small companies looking to become large companies.*

Mid-Sized Companies. For the past 55 years, KMK has been helping mid-sized businesses in Cincinnati and around the country, by providing legal services that are tailored to the specific needs of each client. For some clients, we serve as an "embedded General Counsel" — partnering with the management team to address the company's full range of legal services. For other clients, we work to address the specific legal needs that arise. Our attorneys have the breadth of experience and dedication to provide the high quality client service that our mid-sized clients require — and at a value they appreciate.

Large, National, and International Companies. KMK represents 50 companies that appear on the *Fortune* 1000 list of largest companies in the U.S. (2010) — 27 of which are on the *Fortune* 500 list, 12 of which are on the *Fortune* 100 list, and 3 companies on the *Fortune* 10 list. In addition, KMK represents a total of 17 companies on the 2010 *Fortune* Global 500 list, the list of the largest companies in the world.

For some large corporate clients, we partner closely with their General Counsel or Chief Legal Officer to address the company's full range of legal services. For other clients, we focus on the specific legal areas for which they request our help. KMK has assisted global companies with matters in a multitude of countries and across several continents, including the following:

GROWING WITH OUR CLIENTS (Continued)

Aruba	Ecuador	New Zealand
Australia	England	Norway

Bermuda	Hong Kong	Saudi Arabia
Brazil	Ireland	Spain
Canada	Italy	Taiwan
Chile	Japan	Turkey
China	Korea	U.S. Virgin Islands
Columbia	Mexico	
Denmark	The Netherlands	

Private Client Services. KMK has a robust Private Client Services Group that understands the sensitive and confidential nature of these matters and works closely with clients to help resolve their legal issues and plan for the future. Our attorneys work with clients in the areas of sophisticated estate planning strategies and techniques, and they are very knowledgeable and experienced in related areas, including business succession planning, administration of estates and trusts, family law (including divorce and matters related to child custody, guardianships and related family issues), and income and wealth transfer tax matters for individuals, estates, trusts, and family businesses. In addition, several KMK attorneys have a breadth of experience helping our clients with legal issues pertaining to medical malpractice, personal injury and wrongful death, and product liability.
